SUMMARY

Aspiring Full-Stack Developer with strong skills in front-end and back-end technologies. Eager to build user-centric, scalable web applications and contribute to impactful digital solutions. Passionate about learning, problem-solving, and growing within a progressive tech team.

SKILLS

Frontend — HTML ∣ CSS ∣ JavaScript ∣ React ∣ Bootstrap, **Backend** — MySQL ∣ MongoDB ∣ Node.js ∣ Express.js ∣ Django, **Programming Languages** — Python, **Design Software** — Figma ∣ Photoshop ∣ Illustrator ∣ Wordpress ∣ Canva, **Soft Skills** — Logical Thinking ∣ Optimistic Character ∣ Active Listening ∣ Determined Mindset ∣ Spontaneous

EXPERIENCE

Full Stack Developer Intern, *Neuronest AI Pvt Ltd*   06/2025 – 09/2025 | Coimbatore
- Designed and developed a full-scale Project Management System from scratch, now actively used by the company for internal operations and team collaboration.
- Contributed to a high-complexity client project, working across frontend (React), backend (Node.js/Express), and database (MySQL with Stored Procedures) to improve order workflows and performance dashboards.

PROJECTS

Project Management System, *MERN Stack Neuronest AI (Internal Tool)*
- Designed and developed a full-scale internal Project Management System featuring task tracking, role-based access control (RBAC), and real-time collaboration modules.
- Implemented secure RESTful APIs, optimized MongoDB schemas for performance, and built reusable, scalable React components to ensure maintainability across the platform.

AI-Powered Content Planner (Ongoing), *MERN Stack, Gemini API*
- Building an AI-driven web application that generates Instagram post ideas, project concepts, and personalized career suggestions using the Gemini API.
- Integrated JWT-based authentication and dynamic MongoDB data handling to provide secure, persistent user sessions and seamless content management.

React Shopping Website, *React, HTML, CSS, JavaScript*
- Developed a fully responsive e-commerce website with features like Add to Cart, Wishlist management, and real-time cart total updates for a smooth user experience.
- Focused on intuitive UI/UX, clean navigation, and efficient state management to deliver a reliable and interactive shopping interface.

Student Information Management System, *Firebase, HTML, CSS, JavaScript*
- Built a web app to manage student data with real-time updates via Firebase Realtime Database.
- Implemented add, edit, and delete features in a dynamic table interface.

EDUCATION

B.E Computer Science, *Sethu Institute Of Technology, Kariyapatti, Madurai*   2020 – 2024
CGPA: 8.2 / 10

AWARDS & CERTIFICATIONS

Full Stack Web Development Certificate, *Web D School, Chennai*   01/09/2024
- Completed intensive full stack training with hands-on real-time projects.
- Strengthened coding, debugging, and problem-solving skills through practical learning.
